Class 13: Exact Copies and Distribution

Distribution: Making Available

Hotaling

Facts

Very odd and somewhat confusing

Genealogical research materials

Recall: Copyrightable?

Key point: Lots of evidence of copying here, but all of that predated the three year statute of limitations

D started with one legitimate copy

Placed in library

Made unlawful copies to send to branches

At some point, only legitimate copy lost

Even after copies destroyed, one copy remained at main library

So only theory left: distribution / 106(3)

District Court: SJ for D
